## About This Game

## WHAT IS THE BIRD OF LIGHT?

Finding the answer to this question will take skill, strategy, intelligence and insight. You will need to become One with the Path.

Bird of Light is an action-strategy platformer with a twist. Place bridge tiles to create paths through levels in the sky, then run through avoiding obstacles in your path. Leap over vast chasms, collect loot, and discover new lands on your journey.

## THE STORY OF TARA

Tara, an eight-year-old girl, is something of a loner whose family moves to a farm from the city to improve the quality of their lives. Once in the country, Tara soon makes friends with all the animals on the farm. Everything goes well until one day, her animal friends start mysteriously disappearing one at a time. Tara struggles to understand what's going on, but luckily, Tara and the animals have a friend and guide in the Bird of Light, who talks to them and helps to make sense of it all.

The gameplay is an abstract representation of Tara's search for The Truth.

## GAME FEATURES

- 2D level design puzzle transforms into 3rd person action.

- Multiple level solutions and multiple pathways within each solution.

New!

Not worth the money. Poor game design and concept. The music doesn't go well with the game at all (loops forever).Also,the Controls ,Camera movements ,Physics are very bad.

It's trying to tell a story but not really. The story and the gameplay has no match at all .Its one of those basic maze solving games where you just collect the eggs ,find the key and get to the exit.It has nothing interesting to offer.

The story is the key and its neither making any sense nor put together properly with the gameplay .

Honestly ,its over priced and bad.
